DESCRIPTION

The Sentry case has been designed to offer exceptional performance combined with a unique design.

Some of the important features: possibility to install up to 8 fans of 12cm (3 already installed in the basic version), upper cavity for better air recirculation, special tilting door for DVD, front control for fan speed, lock-open closures and brackets for mounting internal peripherals, mounting kit already included for video card directly attached to a 12cm fan (already installed) self-propelled on rails, dust filter mounted under the power supply compartment hooked with magnets, ...
