SPEAKERS BLUETOOTH OVBOOST MINIBOX
MINIBOX

DESCRIPTION

The Speaker OvBoost MiniBox is a portable Bluetooth 2.1 speaker. A metal grill and rubber coating guarantee good protection in all circumstances.
The two internal 3watt speakers each provide good sound reproduction.
The 800mAh battery provides energy for over 5 hours of operation, and the same is interchangeable.
There is also a TF card port.
Due to its features, the MiniBox is one of the most affordable Bluetooth speakers in terms of price / performance.
